

RULES FOR ON-SITE PARTICIPANT

I UNDERSTAND the critical importance of Operation Goliath being unified, peaceful, and free of any actions or words that would appear violent or hateful to any witnesses of the event.

I REALIZE that some pro-abortion elements of the media may seek to discredit this event and focus on a side issue in order to avoid the central issue at hand—murdered children and exploited women.

HENCE, I UNDERSTAND that for the children's sake, this gathering must be orderly and above reproach. Therefore:

- As an invited guest, I will cooperate with the spirit and goals of Operation Goliath, as explained in this flier.
- I commit to be peaceful, prayerful, and non-violent in both word and deed.
- Should I be arrested, I will not struggle with police in any way (whether deed or word), but remain polite and passively limp, remembering that mercy triumphs over judgement.
- I will listen and follow the instructions of Operation Goliath's leadership and crowd control marshals.
- I understand that certain individuals will be appointed to speak to the media, the police, and the women seeking abortion. I will not take it upon myself to yell out to anyone, but will continue singing and praying with the main group, as directed.

I sign this pledge, having seriously considered what I do, with the determination and will to persevere by the grace of God.

Phase II of the Rescue Movement

****We are encouraging people
to stay through the weekend!**

Right now, an abortionist in Dobb's Ferry, NY is on the verge of quitting child-killing. He has told pro-life leaders that he intends to quit—the publicity and hassle of pro-life activities are not worth the bother. He is hanging on by a thread! You're invited to come and help "cut the thread"—and make Dobb's Ferry free of child-killing once and for all! Come join Operation Goliath!

The Pro-life and Rescue Movements have saved many children from certain death, but the enemy is still left standing. As long as he stands, our children will never be safe. But worse yet, he continues to grow. Unless we make our best effort through the rapidly closing window of opportunity, we may never get a second chance!

Most of us have been fighting this battle "in the air" on a ideological level. But no country can win a war with its air force alone! To defeat the enemy permanently, we need to move back their borders and take their turf. The war isn't over until the land has been conquered.

The Battle Plan

Phase I of the Rescue Movement gave birth to randomly-timed rescues at a variety of mills. Lives have indeed been saved; yet, Monday morning it's business-as-usual for the child-killers with not so much as a dent in Goliath's armor.

The churches in these communities were not convicted, and the townspeople continued to sleep. Worst of all—the killing continued.

Sensing that the timing is right for Phase II in the Rescue Movement, rescue leadership is preparing for "Operation Goliath". The goal is to unite all pro-life and rescue

forces into one mighty army, with one specific focus: an all-out holy war on the child-killing industry—one mill at a time! By concentrating our rescue missions, we hope to unite all our efforts on one specific killing center in one specific community: a holy war that will not stop until Goliath goes down! With the help of Almighty God, we can defeat Goliath, **one mill at a time.**

Obeying God's Word

Some people question the rightness of Christians disobeying civil authority. But civil disobedience is not the issue—Biblical obedience to the command to rescue innocent unborn children from death is the issue. The Scriptures consistently teach that when man's law and God's holy law conflict, especially when human life is at stake, "We must obey God rather than men." (Acts 5:29)

This is the Biblical basis from which Corrie ten Boom and her family rescued Jews; and that of Christians who smuggled black slaves to freedom during the days of the underground railroad. While both sets of actions put them in conflict with man's law, they knew they must rather obey God. Even human law acknowledges that at certain times people may break lesser laws to avoid committing greater evils—the evil of murdering innocent children.

Preparation

Since numbers are critical for these rescue missions, please:

Pray—Any action taken, no matter how righteous or noble, without a foundation of prayer is destined for failure. Commit yourself to prayer for these rescue missions.
